Professional Summary

Motivated and detail-oriented Backend Developer with experience in designing, developing, and deploying scalable backend systems using modern frameworks and cloud-based services. Strong understanding of REST APIs, database design, microservices architecture, and DevOps practices. Passionate about solving complex problems and building efficient server-side solutions.

Technical Skills

- **Programming Languages:** Python, JavaScript (Node.js), TypeScript, Java, Go
 - **Frameworks & Tools:** FastAPI, Django, Flask, Express.js, NestJS
 - **Databases:** PostgreSQL, MySQL, MongoDB, Redis
 - **DevOps & Cloud:** Docker, Kubernetes, CI/CD, GitHub Actions, AWS (EC2, S3, Lambda)
 - **Other:** REST API, Microservices, Authentication/Authorization (JWT, OAuth), WebSockets
-

Professional Experience

Backend Developer | Company Name | Location

12 - 2024 - Present

- Developed RESTful APIs using FastAPI/NestJS serving more than X daily users.
- Designed scalable database structures and implemented optimized SQL queries.
- Integrated authentication and role-based access control (RBAC).
- Worked with Docker and CI/CD pipelines to automate deployments.
- Collaborated with frontend teams to ensure efficient end-to-end functionality.
- Improved application performance by X% through caching, optimized queries, and refactoring.

Backend Intern | Company Name | Location

MM YYYY - MM YYYY

- Supported backend development tasks including bug fixes and feature enhancements.
 - Built API endpoints and contributed to system architecture planning.
 - Wrote unit test cases ensuring high code reliability.
-

Projects

Resume Matching System

- Designed and built an AI based resume-job matching system using FastAPI & ML embeddings.

- Implemented PDF parsing, preprocessing pipeline, and similarity scoring.
- Stored embeddings in PostgreSQL and optimized search for fast comparison.

E-Commerce API Backend

- Built a complete product order and payment management module.
 - Integrated Razorpay/Stripe payment gateway.
 - JWT based authentication and admin dashboard.
-

Education

Bachelor of Technology – Computer Science / Information Technology

University Name | Year of Passing

Certifications

- AWS Cloud Practitioner
 - Python / Java / Node.js Certification
-

Strengths

- Strong problem-solving & analytical skills
 - Team collaboration & Agile methodology
 - Clean and scalable code practices
-

Personal Details

- Date of Birth: 51/4/4654
 - Languages: English, Hindi
-

Declaration

I hereby declare that the above-mentioned information is true to the best of my knowledge.
